In a report which I received yesterday it was stated that you have been carrying around a brief case with CIA on it. While this report was very incidental to other information furnished CIA and does not indicate in any way that anyone is spying on you or your activities, it does indicate the necessity for avoiding this or other practices which publicly associate FBIS with CIA.

If this report is true, please take the necessary action immediately to eliminate this and other similar practices.

Sincerely,

L. K. White
